Calendar

Club Member Use of Range 1

Dear Members:

ISSUE: During a recent meeting, it was brought to Club Exec board and membership attention that a Club member was upset that he could not access the interior of the Highpower shed with a Club key. He wanted access to the shed to get a target carrier and/or a paper target. It is noted that paper targets are not provided by the Club, target carriers have and continue to be provided by the Club.

On March 30, 2016, the Highpower Committee made a presentation to the Exec Committee and explained that they had concerns with general Club member access to the Highpower shed. Those concerns included: instances where new targets prepared for a match had been shot up and left in a condition that made them unusable for the match, staples left in targets are a safety hazard because of bullet strikes, staples left in targets snagging pit workers fingers, and supplies disappearing from the Highpower shed.

PAST EXEC BOARD ACTION: The Club's March 30, 2016 minutes indicate the Highpower committee proposed and the Exec Committee approved Highpower's plan to facilitate control of target carriers and paper targets and other Highpower supplies while providing Club member use of Range 1. Exec Board approval resulted in access to the interior of the Highpower shed being controlled by a combination lock.

CLUB MEMBERS ARE REMINDED:

1. Target carriers for general Club use are accessible and stored on the rack on the outside of the Highpower shed.
2. The Club does not provide paper targets. As in the past, bring your own.
3. Please be considerate of all users of Range 1, and all other ranges. When your use of the range is finished remove your targets, staples (as reasonably able), tape, brass, and all other materials that you brought to the range

Access to the Highpower shed is unnecessary for general range use. More importantly, with the Club's significant financial investment in electronic targets for use on Range 1, controlling access to the Highpower shed will be even more important.

ELECTRONIC TARGET UPDATE: Any member wishing to use the electronic target(s) on range one must first complete the highpower orientation on using this equipment. The member desiring this training must first contact the highpower chairman, who will himself or his designee, set a date and time for the training. The information of the highpower chairman can be found in the club's current calendar or from our website, www.wvrpc.org. Once the member has completed the training, their badge will have a special emblem on it signifying that they have completed the required training in use of the electronic targets. **Only members who have completed the training are authorized to use the electronic targets.**

Thank you for your cooperation,
Ricky L. Smith Sr.
